

GRAPE BAROSSA™

FUNDING APPLICATION INFORMATION

Grape Barossa is a Committee of the Barossa Grape & Wine Association. The group's main objective is to represent its grape grower members on a range of viticultural and winery related topics. Grape Barossa is responsible for identifying areas of research and development in relation to economic and environmentally sustainable practices, and to ensure that viticultural initiatives are implemented for the benefit of Barossa growers.

The financial contributions received from Barossa grape growers enables Grape Barossa to effectively address the needs of their members through a variety of means – including research, extension and adoption activities. Grape Barossa has financial provisions available to support other individuals or groups seeking to either:

- Undertake a research project or study relevant to viticulture in the Barossa
- Conduct a field day, seminar or workshop pertaining to the development and sustainability of grape production in the Barossa
- Attend a seminar, conference or training course relating to viticulture
(Applicant must demonstrate how they would otherwise not be able to afford to attend)

To access funding from Grape Barossa, interested individuals/groups must apply using the *Funding Application Form*. Applications are open to a wide range of individuals, including grape growers, viticulturists and regional committees/groups.

There are two rounds and application periods per annum for funding applications.

- 1. Applications open 1 September and close 30 November the same year**
- 2. Applications open 1 January and close 31 March the same year**

Applicants must demonstrate in their application form how this funding will provide benefits to Barossa grape growers and/or grape production in the Barossa.
