DAY 1

CONNECT + CREATE

It's time to kick things off with a big ol' dose of relaxation. Check into your swanky digs at the glorious [Kingsford The Barossa](#) or petite hotel [Le Mas](#) and prepare to be pampered like royalty. Picture this: you, your sweetheart, and a glass of Barossa's finest by the pool, soaking in the striking vineyard views. Talk about living the dream!

Once you've settled in, it's time to unleash your inner Picasso at [Goldie & The Earth](#). Get your hands dirty (in a good way) as you try your hand at pottery making together. Here it's all about slowing things down and getting back to play and creating something from the heart. Wander the gallery at [Wonderground Barossa](#), glass of wine in hand and your bae in the other. Who knows? You might even find that special piece to adorn your wall and mark this major moment.

Into leather? Don't miss [Sunshine Barossa](#) for handmade leather aprons, bags, knife rolls, wallets... all beautifully crafted to last forever! Artisan Carol will help you find a forever keepsake.

For the cherry on top, how about a sunset picnic? Barossa's got plenty of [easy hikes](#) and hilltops, from relaxed strolls to more challenging treks. Soak in the sights, breathe in the crisp air, and enjoy some quality time together surrounded by Mother Nature's finest.

DAY 2

FOODIE FEASTS

Rise and shine and fill your basket with all the goodies at [Barossa Farmer's Market](#), where all the locals go for real food from the homes and farms of the Barossa - artisan sourdough, hand-made chocolate, crumpets, smallgoods, gin and more! Go ahead, indulge a little—you're on vacation!

Now that you've fueled up, it's time to embark on a culinary journey through Barossa's vibrant food scene. From fancy-pants restaurants to quaint little cafes, you'll find plenty of that prized local fare on show at [Hentley Farm](#) (a Relais & Chateau restaurant) or The Louise's destination restaurant, [Appellation](#). Naturally, most cellar doors have a selection of foodie faves too. Bon appetit.

TREAT YOURSELF

Spend the afternoon hopping from one winery to the next, sampling the finest vintages the region has to offer. Whether you're a wine connoisseur or just enjoy a good ol' glass of vino, you're bound to find something you love.
